PROFESSIONAL OVERVIEW

Mr. Noah Zetocha is an Associate Implementation Consultant in the Digital Solutions Practice. Noah brings over 2 years of experience in the EHS field focusing on hazardous waste processing and management as well as compliance activities with university laboratory auditing. In that role he also used and supported a few Digital Solutions. He also has experience with X-ray auditing and dosimetry management.

Noah provided technical expertise covering a wide array of compliance and regulatory functions within the laboratory safety area and assisted campus stakeholders with corrective actions. He utilized his strengths working with data to improve and simplify the storage of dosimetry data on the vendor site. The simplification of data improved data security and improved reporting capabilities for the EHS leadership team. Additionally, he has gained valuable experience with programming in a variety of languages as well as web and database design.
