

**DARYL J. WHITT, P.E.**

**TECHNICAL DIRECTOR, CLIMATE CHANGE & SUSTAINABILITY**

---

#### **CREDENTIALS**

- ◆ B.S., Chemical Engineering, Clemson University, 1990
- ◆ Master of Project Management, Western Carolina University, 2006
- ◆ Licensed Professional Engineer, AL, GA, NC, SC, TN
- ◆ International Society of Sustainability Professionals (ISSP)
- ◆ Greenhouse Gas Management Institute (GHGMI)
- ◆ Carolina Air Pollution Control Association (CAPCA)

---

#### **PROFESSIONAL EXPERIENCE**

- ◆ 2021-Present: ALL4 LLC, Raleigh, NC
- ◆ 2006-2021: TRC Environmental Corp., Senior Project Manager
- ◆ 2004-2006: Mountain Environmental Group, Senior Project Manager
- ◆ 1999-2004: Blue Ridge Paper Products Inc., Principle Environmental Project Engineer
- ◆ 1990-1999: URS Corporation (Radian International), Staff Environmental Engineer

---

#### **TECHNICAL EXPERTISE**

- |  |   |
|--|---|
| ✓ Greenhouse gas inventory development and verification for Scope 1, 2 and 3 emissions | ✓ Life cycle inventory assessments  |
| ✓ Greenhouse gas reduction strategies  | ✓ Energy efficiency and energy management                                   |
| ✓ CDP reporting  | ✓ Strategic sustainability consulting                                       |
| ✓ ESG report development under the Global Reporting Initiative (GRI) framework         | ✓ Traditional air, water, and waste environmental permitting and compliance |

---

#### **PROFESSIONAL OVERVIEW**

Mr. Whitt is ALL4's Technical Director, Climate Change & Sustainability and is responsible for the technical expertise and growth within ALL4's in the ESG Practice. Mr. Whitt's experience spans more than 30 years in sustainability and environmental engineering, in both process manufacturing and the consulting industry. He provides expertise in developing greenhouse gas inventories including Scope 1, 2 and 3 sources, according to the Greenhouse Gas Protocol as well as corporate carbon management strategy, carbon foot-printing for products, and life cycle assessment.

Mr. Whitt supports ALL4's clients reporting to the CDP, and through the development of ESG reports according to the Global Reporting Initiative (GRI) framework. This includes experience in strategic consulting, facilitating materiality assessments, report development, and verification.

Mr. Whitt's experience includes helping clients with sustainability program development, scenario development for Task Force on Climate-Related Financial Disclosure (TCFD) reporting and establishing goals and developing climate change transition strategies for both Science-Based Targets Initiative (SBTi) and Net-Zero commitments.

Mr. Whitt also has extensive experience in Title V, prevention of significant deterioration (PSD), and Maximum Achievable Control Technology (MACT) air permitting and compliance, including program implementation and compliance reporting. He is also experienced in wastewater treatment design and NPDES permitting and storm water permitting and compliance.
