PROFESSIONAL OVERVIEW

James Giannantonio is an accomplished and solution-oriented Program Manager with over 12 years of experience in the energy and environmental sustainability industries. His expertise lies in helping organizations organize, design, and implement their energy conservation measures, environmental, social, and governance programs, and sustainable development goals to achieve their climate targets. James graduated from the University of Colorado – Boulder with a bachelor's degree in Economics with a minor in American History in 2007. In addition, he received his master's degree from Harvard University in Sustainability and Environmental Management in 2010. James holds certifications as a Project Management Professional (PMP), GRI Certified Sustainability Professional, a Certified ScrumMaster (CSM), LEED AP Building Design and Construction (BD+C) and LEED AP Operations and Maintenance (O+M).

Outside of work James enjoys spending time with his wife and two young children. His hobbies include playing men's league ice hockey, snowboarding, music including attending concerts and playing his Fender jazz bass guitar, cooking and trying new recipes, traveling and reading. James was born and raised in the Philadelphia area and is an avid Philadelphia sports fan.
