**PROFESSIONAL OVERVIEW**

*Ms. Stacy Arner-Jenkins obtained her undergraduate degree from Pennsylvania State University in May 2017, where she graduated with a Bachelor of Science in Chemical Engineering and Minor in Environmental Systems Engineering. Ms. Arner-Jenkins obtained her graduate degree from North Carolina State University in December 2025, where she graduated with a Master of Sciences degree in Environmental Engineering. Ms. Arner-Jenkins started her career with ALL4 in 2017 and now operates in the Managing Consultant role.*

*Ms. Arner-Jenkins' experience focuses on air quality permitting and compliance programs for pulp and paper mills, petroleum refineries, among others. She has assisted her clients with developing effective permit strategies for State Implementation Plan (SIP) construction permitting, major stationary source New Source Review (NSR), Nonattainment NSR (NNSR), and state-specific operating permit programs. Ms. Arner-Jenkins has experience in multiple states including Pennsylvania, Tennessee, Alabama, West Virginia, Mississippi, Louisiana, and Michigan.*

*Ms. Arner-Jenkins assists clients with the implementation and development of tools for meeting and demonstrating compliance with air quality requirements. She has assisted clients with 40 CFR Part 98 Greenhouse Gas reports, Toxic Release Inventory (TRI), annual emissions, benzene fenceline monitoring, annual emissions reports, and other periodic air compliance notifications or reports. In addition, Ms. Arner-Jenkins assists clients with the evaluation of their environmental compliance programs by conducting program audits/assessments. These audits/assessments have spanned more than 10 states and various industries including petroleum refineries, adhesive coatings, food and beverage, nonmetallic mineral mining and quarries, Portland cement, and more.*

*Ms. Arner-Jenkins is a member of the Air & Waste Management Association (A&WMA) Allegheny Mountain Section and an Engineer in Training (EIT).*
