

COREY PRIGENT
STAFF ENGINEER

CREDENTIALS

- ◆ *B.S., Engineering Science, The Pennsylvania State University, 2020, Minor in Engineering Mechanics*

PROFESSIONAL EXPERIENCE

- ◆ **2021-Present:** ALL4 LLC, Center City, PA – Staff Engineer
- ◆ **Aug. 2019-May 2020:** Humanitarian Engineering and Social Entrepreneurship (HESE), The Pennsylvania State University – Group Member
- ◆ **May 2018-Aug.2018:** Airborne Systems, Pennsauken, NJ – Intern

TECHNICAL EXPERTISE

- ✓ AutoCAD

PROFESSIONAL OVERVIEW

Corey Prigent graduated from The Pennsylvania State University in May 2020 with a B.S. in Engineering Science and a minor in Engineering Mechanics.

During his time at Penn State, Corey was part of the Humanitarian Engineering and Social Entrepreneurship (HESE) program, with which he completed his thesis and worked on different ventures. One venture worked towards innovating greenhouse sensor technology for implementation in Kenya to bridge the gap in the variability of greenhouse success due to lack of knowledge and improper usage by farmers. Corey also worked on a HESE venture looking to produce charcoal briquettes from water hyacinth, an invasive plant species in Lake Victoria.

Corey also had an internship working at Airborne Systems, specifically working with the Oxygen Department, working to inspect and oxygen-clean parts, build and design oxygen systems, and to manage inventory.

Corey began his career at ALL4 as a Staff Engineer in March 2021.
