- ✓ *Toxic Release Inventory (TRI) development and reporting*
- ✓ *Stormwater and groundwater monitoring*
- ✓ *Greenhouse gas (GHG) reporting*
- ✓ *TVOP Semi-annual and annual reporting*
- ✓ *Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) reporting*
- ✓ *Emergency Planning and Community Right-to-Know Act (EPCRA) Tier II reporting*
- ✓ *Toxic Substances Control Act (TSCA) reporting*
- ✓ *Climate change adaptation plan development*

PROFESSIONAL OVERVIEW

Ms. Madison Jones is a Project Engineer with two years of professional experience in environmental consulting. Ms. Jones has assisted with preparing Title V renewal applications, construction permit applications including major NSR permitting and PSD applicability analyses, state implementation plan (SIP) construction permitting and other permit strategies. She has also assisted in preparation of emissions inventories, semiannual and annual compliance reports, and RMP resubmissions. Ms. Jones has experience developing and submitting GHG, TRI, EPCRA Tier II, TSCA, CERCLA, and NPDES reports.

Ms. Jones has experience working in multiple states and industries. She has air quality permitting and/or compliance experience in Georgia, Tennessee, Alabama, Florida, Pennsylvania, West Virginia, Texas, Oklahoma, Oregon and California in multiple industries including Pulp and Paper, Oil and Gas, Chemical Manufacturing, Portland Cement, Box Plants and more.

Ms. Jones is especially interested in sustainability consulting. She has participated in reviewing GHG reporting methods and preparing climate change adaptation plans. Outside of technical work, Ms. Jones is the Recess Events Chair for the Atlanta office, a co-leader of ALL4's sustainability group, and a member of ALL4's diversity, equality, and inclusivity group.
